

SOUTH HOLLY CHURCH

Welcome!

One of the most controversial events in our world is that God stepped out of eternity into our history.

There are many writings about a man named Jesus who lived in the first century and spoke on behalf of God and did miracles in the name of God.

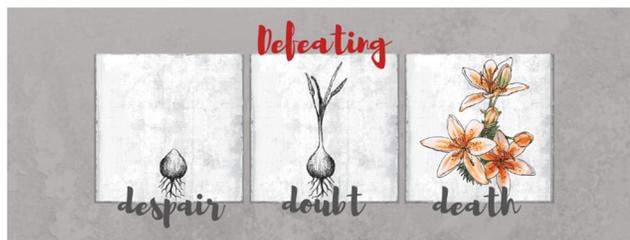

This is not why we lay our life down at the foot of the cross.

We give our life to Jesus because He speaks to our hearts and stirs our spirit in such a way that it is not a fact that we hold on to ourselves, but a Truth that grips our heart.

The way to God is through Jesus—believing that He came to earth as a baby through His virgin mother, lived a perfect life and then died on the cross paying for my sin and giving me the opportunity to accept eternal life. This gift is waiting for you—you just have to believe and place your trust in Jesus.

Today is your day, do not hesitate.

Pastor Shannon Popp

Sermon Notes

John 20:1-10
Defeating Death

Pastor Shannon Popp
Resurrection Sunday—4.12.2020

The Stone covering the grave would have weighed between 2000 and 4000 lbs

Mary Magdalene would have been the last person to choose as Jesus' first evangelist

A testimony of four people saying the same things in different ways is very strong

Jewish tradition tells us that a folded napkin means the master will return

We believe in Jesus, because He burns in our hearts

Put into practice this week:

- Focus on the meaning of this Sunday's message in the other 364 days of the year.
- What does Jesus' imminent return mean to you this week?
- If you accepted Jesus as your Lord and Savior today, reach out to us so we can walk with you.
